Catalogue of J. S. E. & Co. Ltd. Roses

SEASON 1933

Weeping Standard Rose.

From **S. BRUNDRETT,**
The Rose Farm. Narre Warren North, Vic.

SEASON 1933

The Rose Farm,
Narre Warren North,
Victoria.

In presenting this, my 40th Annual Rose Catalogue to the public, I desire to thank my patrons for their past support, and in soliciting a continuance of their confidence and recommendations, assure them that the greatest and personal attention will be given to all orders entrusted to me.

Owing to the difficult times through which we have been passing, and the need for a reduction of expenses, I am issuing for season 1933, this supplementary catalogue, which I would request my clients to kindly use in conjunction with my 1932 catalogue. This action, I am sure my clients will agree, is more desirable than a reduction in the high quality of plants for which I am famed.

If any of my clients happen to have mislaid or destroyed their copy of my 1932 catalogue, I shall willingly post them another copy on receipt of their request.

S. BRUNDRETT.
(A. Brundrett, Manager.)

Prices for Season 1933

List of New Roses for 1932.

Dividend ,, ,, 2/6 ,, 1/3 ,,

Doris Downes ,, ,, 3/6 ,, 2/6 ,,

Testimonials

Undermentioned are a few of the many unsolicited testimonials which I received during and after the 1932 season.

They opened up perfectly fresh. . . . The standard stems they are grafted on are far superior to what I have been receiving of late in N.S.W. I shall have much pleasure in recommending you.

Orange, N.S.W.

Climbing roses to hand, beautifully rooted plants, and plenty of tops. Kindly send me

G.B., St. Kilda, Vic.

New Roses of 1933

- AUREATE, H.T. (A. Dickson).**—Colour of bud and young flower, bright orange, cadmium, heavily shaded rosy-scarlet, developing to unfading sunflower yellow washed orange scarlet. Long pointed bud. Flower large, delightful spiral form of fine quality. Foliage hardy, glossy, disease resisting. Growth vigorous and hardy. Sweetly scented. Gold Medal N.R.S. Award of Merit R.H.S. Award of Merit R.A.S. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.
- CAYETANA STUART, P. (Dot).**—Growth vigorous and erect, dark green foliage. Flower very large, of good form. Colour intense saffron yellow, very continuous in bloom and superb in all seasons. Gold Medal Bagatelle. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.
- COMTESSE VANDAL, H.T. (Leenders).**—The colour of the bud is reddish copper with reddish golden bronze, which lightens as the bud develops, when fully grown the bud is long and pointed and the colour a lightened shade of buff. The inner side of petals is deep coral, producing the most unique contrast in rose colouring. The fully developed flower attains an exceptionally large size and is full with a high centre. Prize of Honour, Saverne. Gold Medal, Saverne. Gold Medal, Barcelona. Gold Medal Bagatelle. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.
- GIPSY LASS, H.T. (A. Dickson).**—Colour rich scarlet crimson, with blackish shading. Form full, and globular. Petal medium size, does not burn or spot. Foliage hard and disease resisting. Growth vigorous and hardy. Habit free branching, tall. Strongly perfumed. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.
- GRENOBLE, H.T. (Mallerin).**—Vigorous and erect growth. Foliage dark green, disease proof. Bud long, on rigid peduncle. Colour dazzling scarlet, flower large, full, perfect form, of brilliant scarlet colour, sweetly perfumed. Gold Medal, Saverne. Certificate of Merit, N.H.S. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.
- LESLEY DUDLEY, H.T. (McGredy).**—A rose of many pretty shades. Soft pink at edge of petals, deepening to carmine, scarlet orange and salmon rose, with a saffron base. The outside of the petals soft pink buff and gold. The blooms are large, pointed, full, of perfect shape and very fragrant. Growth is vigorous and bushy, and the flowers are shown to perfection on long stems with large, dark green foliage. Good for bedding and exhibition purposes. Gold medal N.R.S. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.
- MADAME A. ROURE, P. (Pernet-Ducher).**—Perfectly formed flowers, identical with Wilhelm Kordes. The colour resembles that of the variety Mev. G. A. Van Rossem. Brilliant chrome shaded salmon changing into amaranth red as the flowers open, very free blooming, of vigorous growth with moss green foliage. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.

MADAME RAYMOND GAUJARD, P. (Pernet-Ducher).—This is a variety of exceptional merit in its habit of growth, beauty of flower and richness of colour. The bud is very long and pointed. The petals are very broad. The colour is absolutely unique, a lustrous dark Oriental scarlet, its depth and warmth accentuated by a bright golden base. Gold Medal Bagatelle, Cup of Honour Saverne. Premier Certificate Ghent. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.

MISS AUSTRALIA, H.T. (Knight).—The Rose of 1933. A delicate shell pink, often shaded salmon at the base of petals. The blooms are exceptionally large and excellent form. It is one of the highest standards yet attained in an exhibition and garden rose. The growth is strong, and the sweet scented, perfectly shaped, very large, long lasting blooms, which average 80 petals, are freely produced and stand erect on stiff long stems, with good foliage. Dwarf 5/-.

MRS. HENRI DAENDELS, H.T. (Buisman).—Growth vigorous and bushy, dark green foliage. Blooms large and well formed, sweetly scented. Colour in bud flesh coloured pink, the open blooms apricot yellow. Gold Medal Saverne. First Class Certificate N.R.S. It is an improvement of Rev. F. Page Roberts. $\frac{3}{4}$ Standard 6/- Dwarf 3/6.

MRS. J. D. EISELE, H.T.—A new American rose of outstanding quality, that has remarkable endurance as well as great beauty Has been well tried out for two years. The colour is a lively bright cerise with shadings of cochineal. It is very large free flowering. A magnificent exhibition and garden rose of a very high standard. Dwarf 4/-.

MRS. PAUL GOUDIE, P. (McGredy).—A vastly improved "Lord Lambourne," which does not die back, no matter how severe the weather. The colour is deep buttercup yellow, every petal being heavily margined carmine scarlet. The colour is constant and does not vary. The blooms have a rich fruity fragrance, and are very large, full, and of good form. The growth is vigorous and bushy, with strong, stout stems which carry the flowers upright. The foliage is dark glossy green and mildew proof. A unique and showy garden, bedding and exhibition rose. Certificate of Merit N.R.S. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.

MRS. T. B. DOXFORD, H.T. (A. Dickson).—The reverse of the bud and young flower is old rose, heavily marked strawberry red; inside salmon carmine with yellow base, evolving to a beautiful peach blossom shading in the fully developed bloom. Charming long pointed bud. Deep moderate sized very decorative flower. Petal immense, deep and wide. Thick texture. Foliage dark green, hard, shiny and disease resisting. Stem, stout and rigid. Vigorous and hardy. Delicate sweet perfume. Certificate of Merit N.R.S. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.

PAUL LUCCHINI, H.T. (Buatois).—Vigorous and erect growth, bronze green foliage. Bud long, carried on rigid stem, the flower is of great grandeur, superb colour, dark scarlet and velvety crimson. Very double, opening well in all weathers, highly perfumed. Silver Medal, Saverne. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.

PICTURE, H.T. (McGredy).—This is an ideal rose for garden and cutting purposes. The buds are of medium size, are perfectly formed, and as they open the clear rose pink velvety petals reflex in the most pleasing manner. The growth is sturdy and free, with stiff stems. First Class Certificate N.R.S. $\frac{3}{4}$ Standard 6/-, Dwarf 3/6.

PORTADOWN GLORY, H.T. (McGredy).—The colour a clear canary yellow, which is both rich in tone and lasting. The flowers are perfectly formed, and have a tea perfume. The growth is free, vigorous, and practically thornless, with bright green mildew-proof foliage. Good for bedding and exhibition purposes. First Class Certificate, N.R.S. $\frac{3}{4}$ Standard, 6/-; Dwarf, 3/6.

SIR HENRY SEAGRAVE, H.T. (A. Dickson).—Colour primrose yellow with a chrome base, the colour intensifies with age. Form very large, full, beautifully formed flower with high pointed centre. Large, well-shaped bud. Growth vigorous and hardy. Bushy and free branching. Sweetly scented. Valuable for either garden or exhibition purposes. Certificate of Merit, N.R.S. $\frac{3}{4}$ Standard, 6/-; Dwarf, 3/6.

SOUV. D'EMILE MAYRISCH, H.T. (Ketten).—Flower of captivating colouring, dark crimson garnet, large, full (35-40), petals of noble formation and opening well in all weathers, borne on rigid stems. Growth vigorous and upright. Silver Medal, Saverne. $\frac{3}{4}$ Standard, 6/-; Dwarf, 3/6.

TOM BARR, H.T. (McGredy).—Colour difficult to describe. A mixture of yellow and russety orange suffused salmon and scarlet. To describe the combination briefly, we would convey an impression of the ensemble if we said orange bronze. Every flower, no matter what size, is perfection in shape and quality, and under normal growth exhibition blooms can be cut in quantity. Sweetly scented. The growth is stout, vigorous, upright and free, with bright green mildew-proof foliage. Certificate of Merit, N.R.S. Dwarf, 3/6.

VIANDEN, P. (Ketten).—Flower of a charming combination of vivid shades, inside of petals reddish old rose and bright rosy scarlet, outside of petals clear ochre yellow and raw sienna, base of petals cadmium yellow, large to very large (90-100 petals), egg-shaped form, and delightful perfume, opening freely, erect, vigorous and branching growth. Gold Medal and Cup of the City (highest distinction) at International Contest, Saverne. $\frac{3}{4}$ Standard, 6/-; Dwarf, 3/6.

Testimonial

The roses arrived to-day in good order, and I am well satisfied with the quality, particularly the standards, and next season I shall be prepared to take a larger quantity.

Orange, N.S.W.

New Climbing Roses

CLIMBING DAILY MAIL SCENTED ROSE, H.T.—A strong climbing sport of this strongly scented, dark red, double rose. Reliable in growth. 2/6.

CLIMBING ETOILE DE HOLLAND.—This, we consider, the greatest acquisition in red climbing roses. The dwarf is undoubtedly the most popular red rose in Australia. This new climber will, on account of its very rich dark but bright red blooms, differ from other red climbers, as the flower stems are longer, making it a good cutter. The growth is quick, free and strong. Sweetly scented. 4/-.

CLIMBING LORD CHARLEMONT, H.T. (Hurcombe).—A strong climbing sport from Lord Charlemont, identical in habit and colour, which is clear crimson, deepening to carmine crimson, sweetly scented. 2/6.

CLIMBING LORRAINE LEE.—A reliable climbing form of the popular pink variety, will be very popular on account of its winter blooming habit and handsome evergreen foliage. 2/6.

THE NEW DAWN, H.W. (Dreer) (The ever-blooming Dr. W. Van Fleet).—This new rose is a sport from Dr. W. Van Fleet. It is identical in every way with its parent in size and formation of its long, pointed, flesh pink buds and double flowers, but blooms continuously throughout the summer and autumn months. The first rose to be protected by a plant patent in U.S.A. 2/6.

Testimonials.

The plants were, as usual, very satisfactory.

J.H., Footscray.

Please forward The first lot I got from you this year were very well grown and rooted.

W.H., Winchelsea.

The roses arrived alright, and I am very pleased with them; they are a credit to you. The budding and general appearance of them is only that of the expert you are with roses, and I am pleased beyond expression with them; and if the Novelties turn out when in bloom as you turned them out, I will be pleased. I have never seen a better lot,

P.W., West Brunswick.

Specially grown 2-year-old 3 Standards for sale.
